Annex

The G4 Sector Disclosures were GRI's previous sector-specific reporting guidance, developed to be used together with the GRI G4 Guidelines. The G4 Guidelines have been superseded by the GRI Standards. The G4 Sector Disclosures were not updated when transitioning to the GRI Standards. Instead, as part of its Sector Program GRI is developing Sector Standards that will provide more up-to-date, authoritative guidance for sector-specific sustainability reporting. The G4 Sector Disclosures are available from standards@globalreporting.org. For more information visit: <https://www.globalreporting.org/standards/sector-program/>

This Annex will be updated annually to reflect changes and updates in to the GRI Standards.
